

New Organic Farming grants now available

The Countryside Stewardship scheme is open for applications until 30th September 2015, with 16 options available for organic farming. However, a wide range of organic organisations meeting as part of the English Organic Forum at ORC on July 10th have raised some serious concerns with Defra about the administrative implementation of the CS organic options, and are seeking a meeting to resolve these as soon as possible. For further information on these issues, please contact Nic Lampkin at ORC. [More...](#)

More about us

Join the Organic Research Centre's Farmer and Business Supporters' Group

As a farmer and/or business operator, we hope you will have benefited, directly or indirectly, from the work we have undertaken, including our work to help ensure fair support payments for organic producers. To help us be more effective we would like to invite you to join our newly established [Farmer and Business Supporters' Group](#). In return for a commitment to a regular donation to support our work, the new Group provides an opportunity for us to say thank you for your support and to give you something back, including an opportunity to have a say in, and get involved with, our future activities [More...](#)

Farmers' Organic Research Club – join in!

The Participatory Research Network is now the Farmers' Organic Research Club (FORC). FORC provides producers and others with the opportunity to undertake their own farm trials, collaborate with fellow farmers and growers and to engage directly in the organic research programme of ORC..
