

Supporting the Organic Research Centre

Organic Ambassadors

£5,000 + per year
Unrestricted or core funding

Introduction

We would like donors that support the Organic Research Centre with £5,000+ core funding to feel their major level of support is recognised, by establishing a giving club referred to as Organic Ambassadors. This is a new group with our first Organic Ambassador confirmed in September 2016, and we now have three Organic Ambassadors in the group. We would like donors to feel they have a say in shaping it going forwards.

Aims

- to encourage uplifts to major level donations
- to encourage acquisition of new donors to join this select group
- to recognise and thank major level donors

Benefits

- ORC newsletter, bulletin, invitations to events
- Invitation to attend a special meeting with Trustees: influencing ORC's direction

Discretion

- We can keep your Organic Ambassador giving level anonymous. Please let us know your preferences.

The most valuable thing a supporter can do for ORC is to make a £5,000+ unrestricted donation, and in doing so joining our exclusive group of Organic Ambassadors. This would lead the way for others to uplift or join in supporting ORC at this level, setting the standard and demonstrating that ORC is an organisation and a cause that is worth others also donating major gifts towards.

**To join Organic Ambassadors please contact: Atul Srivastava,
Major Gifts Officer, on atul.s@organicresearchcentre.com, 01488 658298 Ext. 541, or 07519 69248**

If you would prefer to not receive communications from the Organic Research Centre, please email:
